veritus,-a,-um	<i>having feared, respected</i>	vereor	verērī	veritus [2]

Notes

1. Past participles of deponent verbs, unlike other verbs, have active meanings: **amātus** = *having been loved*; **morātus** (deponent) = *having delayed*.
2. The perfect tenses are formed using this participle with **sum, esse**, like passive verbs, but these with active meanings: **locūta est** = *she spoke*.

Deponent verbs: perfect tense

3rd person singular of the perfect (indicative)

aggressus,-a est	<i>s/he (has) approached, attacked</i>
